## Get SPECTacular savings on GENESYS Spectrophotometers

Built for the fast-paced lab, the Thermo Scientific™ GENESYS™ UV-Vis Spectrophotometers will make doing your job easier than ever before.

- **Walk-up convenience** – no warm-up required, simple-to-use, high-definition touchscreen interface
- **Sampling flexibility** – ideal solutions for single cell analysis, and optional accessories for higher throughput, temperature control, and more
- **Made to last** – for repetitive use and demanding environments
- **Advanced connectivity** – USB, network and wireless printing with optional Wi-Fi adapter. Snap-on thermal printer also available

The GENESYS line of spectrophotometers will exceed your expectations for usability and performance – and deliver the accurate, reproducible results you need.

**Plus, save 20% now with this limited time offer.**
